

# MISSING WORK PARAGRAPH

My behavior today is unsatisfactory. I came to school unprepared. I did not \_\_\_\_\_.

I am going to be the best person I can be in the future. I know I am at school to learn, and I must come to school with my homework. I also know that I must keep up with my class work by placing my work inside my binder pockets. All the faculty and staff at Dimon Magnet Academy care for me and want me to be the best person I can be. When I choose to come to school unprepared for class, I must accept responsibility for my actions. By writing this behavior paragraph, I am taking responsibility for what I did. I will choose to be prepared for school in the future and always give my very best.
