

High, Low, Three in a Row

1. Retrieve a deck of over-sized playing cards.
2. Remove the face cards (King, Queen, Jack, Ace) and set them aside.
3. Shuffle the remaining cards and place them face down in a stack.
4. Draw three cards from the stack.
5. Record the numbers under My 3 Cards.
6. Record the highest three digit number you can make using only the three cards that were drawn.
7. Now record the lowest three digit number you can make.
8. Place the three drawn cards in a discard pile.
9. Play continues until you have drawn ten sets of cards.
