## Two Column Notes for The Jellybean Principal

Quote or Picture from Text	Inferencing/Making Predictions
<p>Judy opened her notebook. Just as she was starting to write, Jim dropped his ant farm on the floor.</p> <p><i>What do you predict will happen next?</i></p>	
<p>Judy stood up. Crack! She stood on the ant farm. "Ow! Ow! OW!" Judy shouted.</p> <p><i>What do you infer is happening to Judy?</i></p>	
<p>Mrs. Newit tried to brush the ants off Judy's legs. The ants bit her, too! Jim ran up front pistols squirting. He blasted Mrs. Newit. "AAAAAACK!" she cried. "Help! Mr. Russo! Mr. Russo!"</p> <p><i>Who do you predict Mr. Russo is and what will he do next?</i></p>	
<p>The three friends sat in front of the principal's desk. Mr. Russo loved jellybeans. Kids did not get any. He certainly looked sour.</p> <p><i>What do you predict Mr. Russo will do next?</i></p>
